Agora Fine Food Market Winnipeg, Manitoba

PRODUCTS USED:

Expona Commercial PUR, Polysafe Verona PUR

Heavy commercial luxury vinyl tiles from Polyflor's Expona Commercial collection were chosen to create a stunning interior design scheme for the new Agora Fine Food Market and Indulge Bistro & Wine Bar in Winnipeg, Manitoba.

2,861 square feet of Expona Commercial LVT in Brown Weathered Spruce and Blue Weathered Spruce were chosen for this project by local interior designers Everitt Design and installed by Bill Knight Flooring. This flooring covers the food market and deli section of Agora Fine Foods which sells a wide variety of cheese, cured meats, olives and imported food, as well as the Indulge bistro which serves Mediterranean cuisine.

Polysafe Verona safety flooring in the dark brown Café Noir shade was also installed in the kitchen.

With the shop now open to the public, the owners of Agora Fine Foods gave feedback to Polyflor Canada that they are delighted with the look of the flooring, it is performing beautifully and it is very easy to maintain.
