Vinyl Take-Back Scheme

Newsletter Issue 26

2014 Record breaking year for Recofloor

Recofloor collected over 500 tonnes of vinyl waste in 2014, the most amount collected in a year since the scheme was founded in 2009 by Altro and Polyflor.

Thanks to all our members for working so hard to collect smooth and safety vinyl off-cuts and smooth uplifted vinyl from installations up and down the country.

With your help Recofloor has now collected 2177 tonnes since the scheme started,

- This is enough vinyl to cover 100 football stadiums.
- Diverting this amount of vinyl from landfill has also saved CO2 equivalent to driving 207 times around the equator
- Or taking 429 cars off the road for a year!

Bill Beaumont was a giant-hearted England rugby captain who will always be remembered for the way he led his English lionhearts to the Grand Slam in 1980. Big Bill was the epitome of loyalty, joining Fylde at the age of seventeen in 1969 and staying faithful to the Lancashire club until his injury-forced retirement in 1982. Chorley born, he played 34 times for England, which was then a record for a lock forward.

He was captain 21 times and represented the British Lions in seven Tests. An indication of his standing in the game is that in 2007 the Rugby Football Union announced that the English County Championship would in future be played for the Bill Beaumont Cup. The BBC initials are appropriate, because on his retirement Bill became a popular team captain on BBC's A Question of Sport.

Bill has gone to be the Managing Director of his family textile business (founded in 1888 and been in the family for 4 generations), and was awarded the Queen's Export Award in 1996. Bill was also awarded the OBE in 1982 and a CBE in 2008.
