

BEECHWOOD CANCER CARE CENTRE

CASE STUDY

Polyflor Affinity255
Saw Mill Oak
9877

Country:
Stockport,
United Kingdom

Polyflor vinyl flooring was recently used to help refurbish Beechwood Cancer Care Centre in Stockport, Greater Manchester in time to celebrate 25 years of supporting cancer patients.

Market Segment:
Healthcare

Affinity255 heavy commercial luxury vinyl tiles in the Saw Mill Oak design were installed in communal meeting areas at the centre free of charge by Manchester based flooring retailers Pauls Floors with help from other local fitters.

Space:
Care Centre

The Beechwood Cancer Care Centre is a charity offering counselling, complementary therapies and group sessions to cancer patients and their families. The centre's refurbishment was possible thanks to the £120,000 raised by the charity's Silver Wing Appeal marking their 25 year anniversary.

Paul Southworth of flooring contractors Pauls Floors commented, "The Beechwood Cancer Care Centre have helped some close friends of ours through a really tough time over the last year hence why we wanted to do what we could. It's an amazing place."
