Polysafe Quattro PUR

Polysafe Quattro PUR is a heavy-duty, carborundum-free safety flooring with a flat emboss, designed to provide underfoot traction in continually wet areas. Available in either a solid colour or tonal chipped decoration, Quattro is ideally suited to both barefoot and shod traffic. Incorporating particles in the vinyl for sustainable wet slip resistance, Quattro offers enhanced protection in areas such as walk-in showers, wet rooms, disabled adaptations, hydrotherapy areas, spas, changing rooms and indoor swimming pool surrounds.
