

# ADVANCED DESIGN WITH **SAFETY ASSURED**

The choice of floor covering is essential in creating secure and hygienic surroundings, encouraging an uplifting environment and having a positive impact on all that use the space. Polysafe Verona is designed to create a safe yet attractive interior, combining subtle pastel shades mixed with stronger accent hues and safety aggregates which are virtually invisible to the eye. Engineered to provide slip resistance which is sustainable and assured through the products guaranteed life, Polysafe Verona is made up of the **ORIGINAL** and **PURE COLOURS** collections.

## ORIGINAL | Part 1

Designed to promote harmony and a sense of well-being, the **ORIGINAL** Polysafe Verona colour palette has been carefully developed. The collection of tonal colours allows design to meet function, contributing to the creation of soothing interior design schemes. Ideal for use within areas where there is risk of spillage, the **ORIGINAL** Polysafe Verona collection achieves a pendulum wet test result of 36+ (slider 96) which is sustainable throughout the product's guaranteed life.

## PURE COLOURS | Part 2

The Polysafe Verona **PURE COLOURS** collection features a contemporary decoration in a selection of tonal hues optimised for specification within dementia friendly design schemes. With a uniform appearance and matt surface finish the collection is perfectly suited for installation within a wide range of commercial and residential environments to ensure the underfoot safety of occupants. Additionally the **PURE COLOURS** collection features enhanced sustainable slip resistance of 45+ (slider 96).

# PURE COLOURS

Choosing the right flooring is key in promoting a more positive and inclusive environment to those living with dementia. Designs that promote harmony and wellbeing through the creation of a sense of calm are important to resident comfort and welfare. Generating this harmonious feel is equally important whether in a residential care setting or within a person's home to support independent living.

Developed with the requirements of those living with dementia in mind, the Polysafe Verona **PURE COLOURS** collection features a tonal colour bank and matt surface finish, optimised to provide a decoration suitable for specification in dementia friendly environments.

Polyflor worked with the Dementia Services Development Centre (**dsdc**) at the University of Stirling to assess the suitability of the **PURE COLOURS** collection for specification in dementia friendly environments. The **dsdc** is an international centre of knowledge and expertise dedicated to improving the lives of people living with dementia which offers a product accreditation scheme.

The **dsdc** rates products in a tier scale. The Polysafe Verona **PURE COLOURS** collection performs exceptionally well with 14 colours achieving the highest **1a** rating and 4 colours achieving **1b**.

| 1a  | 1b   | 2  |
|---|--|--|
| Flooring within this rating is plain and can be used indiscriminately.* | Flooring within this rating is semi-plain (minimal texture or fleck / pattern, wood effect with no knots) and in general, can be used throughout.* | Flooring within this rating has some pattern and needs to be used with caution.* |

\*Bear in mind the need to contrast flooring with walls, skirtings, doors / frames, furniture & sanitary ware. A minimum contrast of 30 units LRV (Light Reflectance Value) is recommended between the critical surfaces mentioned above.

| PURE COLOURS       | NCS Reference   | LRV's | dsdc Rating |
|--------------------|-----------------|-------|-------------|
| Rock Salt 5231     | NCS S 3000-N    | 43    | 1a          |

Designed for  
**MULTI-USE**  
spaces

Offering slip resistance which is sustainable throughout the guaranteed life of the product, Polysafe Verona is the perfect solution to ensure underfoot safety in a wide range of interior environments. Designed for multi use spaces where there is an increased risk of slip, Polysafe Verona has a heavy commercial use area classification and is suitable for demanding, high traffic environments.

Designed for  
**HEALTH CARE**

Creating calming and soothing interiors  
to promote quicker recovery times.

Designed for  
**SPECIALIST CARE**

Residents and medical professionals can have confidence that their floor covering provides sustainable wet slip resistance offering protection against slips, trips and falls.

Designed for  
**EARLY YEARS**

Bright vibrant colours stimulate and aid in early development, whilst catering for the inevitable spillages.

Designed for  
**EDUCATION**

Ideal for high traffic areas such as  
corridors and classrooms where  
there is a risk of spillage.

Designed for  
**LEISURE**

Bold colours can be used  
together to assist exploration  
within leisure environments.

Designed for  
**COMMERCIAL  
ENVIRONMENTS**

Contemporary styling with built in safety  
for increased underfoot protection in  
busy commercial spaces.

Designed for  
**RESIDENTIAL  
ENVIRONMENTS**

Providing a fresh homely and safe feel in areas such as kitchens, bathrooms and stairwells.

# PRODUCT TESTING

In areas where there is a higher potential for slips and trips, it is important to choose a HSE compliant flooring solution that offers sustainable slip resistance for the product's lifetime.

## PENDULUM TEST
