

POLYFLOR™
COVERING THE WORLD

Long - Term Care

Flooring Solutions for Modern Senior Living

Polyflor offers the ideal flooring solutions for today's senior living environments—whether residential, assisted living, or long-term care. Our comprehensive product portfolio is engineered to meet the highest standards of durability, slip resistance, hygiene, and ease of maintenance required in these demanding settings.

At the same time, our designs move beyond the traditional institutional look, helping to create warm, welcoming spaces that feel comfortable, calming, and truly homelike for residents, staff, and visitors alike.

Designed with Dementia Care in Mind

Polyflor's dementia-friendly flooring solutions are thoughtfully developed to support a wide range of environments, including private residences, sheltered and assisted housing, dementia care hubs, respite care, day centres, hospitals, hospices, rehabilitation and intermediate care facilities. Our designs prioritize visual clarity, tonal contrast, and comfort—helping to promote independence, safety, and overall wellbeing.

Recommended Areas of Application

Polyflor flooring is suitable for installation across all key areas within a facility, including:

- Resident suites
- Bathrooms
- Barrier-free showers and tub rooms
- Pool and therapy areas
- Commercial kitchens
- Corridors and common areas
- Dining spaces
- Leisure and activity rooms
